➤ **Pankaj Advani is related to which sports?**

- A) Cricket
- B) Baseball
- C) Basketball
- D) Volleyball
- E) Snooker

Answer

E) Snooker

Explanation

- Ace cueist Pankaj Advani defended his national billiards title -- his 11th in the tournament -- after he defeated his PSPB teammate Dhruv Sitwala 5-2 in a best of nine games final here.
- Advani responded with breaks of 56 and 46 to restore parity at 1-1 after Sitwala's breaks of 64 and 42.
- Sitwala, displaying excellent in-offs, pots and cannons, surged ahead by pocketing the third game with a sizeable break of 84.
- He was on course to even wrest the fourth game after he compiled a wonderful effort of 101, but a costly lapse by him gave a window of opportunity to Advani.

Explanation

- Composing himself, in a superb rally the maestro chalked up a classy break of 127 to snatch the game and draw level once again at 2-2.
- Then Advani struck a purple patch, cajoling and nursing the balls at the top of the table to craft identical unfinished breaks of 150 in the fifth and sixth games to run up a crucial 4-2 games lead.
- Not giving up, Sitwala put up a tremendous show of skill, patience and temperament to strike a break of 134, but sadly, when in prime position he could not hold the balls together to give another chance to Advani after a sequence of safety exchanges.
- Advani never looked back after that, compiling an unfinished 148 break to take the game, match and title.

➤ Which organisation signs Sol with WFP to strengthen climate-resilient agriculture?

- A) CII
- B) CCI
- C) NHAI
- D) NTPC
- E) NITI Aayog

Answer

E) NITI Aayog

Explanation

- Recognizing the importance of millets, Government of India observed 2018 as a year of millets to encourage and promote millet production.
- Leading this initiative further, GoI spearheaded the UNGA resolution for declaring 2023 as International Year of Millets.
- Numerous steps have been taken to promote millets including establishment of centre for Excellence, Integration of nutri-cereals in National Food Security Act, and establishment of Millet Mission in multiple states.

Explanation

- Despite this, various challenges in terms of production, distribution and adaptability among consumers remain.
- Under the distribution system, it is time that we shift the focus of food distribution programmes from 'calories fundamentalism' to providing a more diversified food basket, including coarse grains and millets to improve the nutritional status of pre-school children and women of reproductive age.
- NITI Aayog and WFP intend to identify and address these challenges in a systematic and effective manner.

Explanation

- NITI Aayog signed a Statement of Intent with United Nations World Food Program (WFP) on 20th December 2021.
- The partnership focuses on mainstreaming of millets and supporting India in taking lead globally in knowledge exchange using the opportunity of 2023 as an International Year of Millets.
- Further, the partnership will aim at building resilient livelihoods for small-holder farmers and adaptation capacities to climate change and transforming food systems.
- The Sol focuses on strategic and technical collaboration between NITI Aayog and WFP, to strengthen the climate-resilient agriculture for enhanced food and nutrition security in India.

Explanation

- The parties will be working on the following activities:
- Joint development of a compendium of good practices around millets mainstreaming in priority states and development of a scaling up strategy.
- To provide technical support for scaling up of millets mainstreaming through intense engagement in select states with support from state governments, IIMR & other associated institutions.
- Parties will jointly organize a national consultation for line ministries of the Government of India, concerned departments of State governments, select academic institutions and organizations working in the field of millets mainstreaming.

Explanation

- To support leveraging of India's expertise to benefit other developing countries for millets mainstreaming by creation of knowledge management platforms and facilitation of knowledge exchange.

Explanation

- The outcome of this partnership will be achieved in following four phases:
- Phase I: Development of a best practice compendium around millet mainstreaming and a scale-up strategy
- Phase II: Support scale-up of millet mainstreaming through knowledge sharing and intense engagement with select states
- Phase III: Leverage India's expertise to support developing countries for millet mainstreaming
- Phase IV: Working on building capacities for climate resilient and adaptive livelihood practices
