# Important Days

➤ **International Day of Rural Women is celebrated on?**

- A) October 14
- B) October 17
- C) October 15
- D) October 13
- E) October 16

**Answer**

**C) October 15**

# Important Days

## Explanation

- International Day of Rural Women is celebrated on **15 October every year**.
- The day is dedicated to the millions of women who live in remote, rural areas.
- It is to celebrate and highlight their **achievements and contributions** towards rural development and agriculture.
- The theme for International Day of Rural Women 2022 is **"Rural Women, key for a world free from hunger and poverty."**
- The theme focuses on equality and women's empowerment and wants women **to fight against the problems of hunger and malnutrition**.

# Important Days

## Explanation

- In the year 1995, **the Fourth World Conference on Women was conducted in Beijing, China**, and the main topic of discussion was the empowerment of women.
- It was when the UN suggested that 15 October could be observed as International Day of Rural Women to appreciate the contribution of rural women in agriculture, food production, and food safety.
- It was on 18 December 2007 when **the UN declared that October 15 would be observed annually as International Day of Rural Women worldwide**.
- Since then many countries globally observe and celebrate the strength and achievements of rural women despite the struggles and the stereotypes.

- B) 107<sup>th</sup>
- C) 109<sup>th</sup>
- D) 106<sup>th</sup>
- E) 108<sup>th</sup>

**Answer**  
**B) 107<sup>th</sup>**

# RANKING

## Explanation

- **India** ranked **107th out of 121** assessed countries on the **2022 Global Hunger Index (GHI)**.
- With an overall **score of 29.1** (see table below to understand the measurement), the level of hunger in India has been categorised as "**serious**".
- India was ranked 101st out of 116 countries in the GHI 2021 and 94th out of 107 assessed countries in 2020.
- The report that has used the **fifth National Family Health Survey (NFHS-5)** and **FAO (Food and Agriculture Organization of the United Nations)** Food Security Indicators as its sources for India has highlighted that child wasting (low-weight-for-height) rate in India, at **19.3 per cent**, is the highest of any country in the world. With **35.5 per cent of children below five years stunted** (low height for age), **India, Pakistan, and Afghanistan** are among **the worst-performing countries**.

# RANKING

## Explanation

- This has put India off-track regarding the progress needed to achieve the Sustainable Development Goal of **"Zero Hunger"** (Goal 2) **by 2030**.
- While India's neighbouring countries are also not in the 'low hunger' category, **Pakistan (26.1)**, **Nepal (19.1)**, **Bangladesh (19.6)**, and **Sri Lanka (13.6)** have secured a relatively better rank than India.
- Meanwhile, with an overall **score below 5**, China has remained in the **"low hunger" category** for the third time in a row
