- **Objective 3:** Support India's goal of becoming a global food basket
- **Objective 4:** Reduce greenhouse gas emissions (GHGs) and promote climate-smart agriculture
- **Objective 5:** Enable India's Second Green Revolution using modern gene-editing tools

Important Terms Explained:

- **Genome Editing (CRISPR-Cas):** A biotechnology technique that enables precise modifications in the DNA sequence without introducing foreign genes; classified as SDN 1 & SDN 2 for regulatory clarity
- **DRR Rice 100 (Kamla):** A genome-edited variety developed by ICAR-IIRR, based on Samba Mahsuri; matures early, uses less water, and emits fewer GHGs

Important Terms Explained:

- **Pusa DST Rice 1:** A stress-tolerant variety by ICAR-IARI, based on MTU 1010, showing significant yield increase in saline and alkaline soils
- **ICAR (Indian Council of Agricultural Research):** Apex agricultural research body in India responsible for developing high-yield, climate-resilient crop varieties
- **Second Green Revolution:** Refers to India's push for sustainable agricultural transformation through biotechnology and precision farming

Tabular Summary:

Parameter	Details
Event	Launch of India's first genome-edited rice varieties
Date	May 4, 2025
Announced By	Shri Shivraj Singh Chouhan (Union Agriculture Minister)
Developed By	ICAR-IARI and ICAR-IIRR
Technologies Used	CRISPR-Cas genome editing (SDN 1 & SDN 2)
Varieties Launched	DRR Rice 100 (Kamla) and Pusa DST Rice 1
Key Benefits	Increased yield, water savings, reduced GHG emissions
Water Saved	7,500 million cubic meters of irrigation water
GHG Reduction	20% lower greenhouse gas emissions
Geographical Reach	Andhra Pradesh, Telangana, MP, Bihar, Tamil Nadu, Kerala, etc.
Budget Support	₹500 crore allocated in Union Budget 2023–24 for genome editing

- Which Indian organization successfully conducted the maiden flight of a Stratospheric Airship Platform in May 2025?

- A) ISRO
- B) HAL
- C) DRDO
- D) NAL
- E) BHEL

Answer
C) DRDO

Event and Location:

- **Event:** Maiden flight of Stratospheric Airship Platform
- **Location:** Sheopur, Madhya Pradesh, India
- **Date of Trial:** May 3, 2025
- **Developed By:** Aerial Delivery Research and Development Establishment (ADRDE), Agra, under DRDO

Mandates and Objectives:

- **Mandate:** To establish India's indigenous capability in long-endurance, high-altitude surveillance platforms
- **Objective 1:** Conduct the first successful flight of the Stratospheric Airship Platform to validate performance
- **Objective 2:** Test onboard systems like envelop pressure control and emergency deflation systems

Mandates and Objectives:

- **Objective 3:** Demonstrate altitude endurance at approximately 17 kilometers in the stratosphere
- **Objective 4:** Enable future deployments for ISR, earth observation, disaster management, and environmental monitoring
- **Objective 5:** Position India among the few countries with Stratospheric Lighter-than-Air (LTA) technology

Important Terms Explained:

- **DRDO (Defence Research and Development Organisation):** India's premier defence R&D body under the Ministry of Defence, responsible for indigenous defence technology development
- **ADRDE (Aerial Delivery Research and Development Establishment):** A DRDO lab specializing in parachutes, airdrop systems, and lighter-than-air platforms, based in Agra

Important Terms Explained:

- **Stratospheric Airship Platform:** A high-altitude lighter-than-air (LTA) system designed to operate between 15–25 km for persistent surveillance and monitoring
- **ISR (Intelligence, Surveillance, and Reconnaissance):** A critical military capability used for information gathering to support security, defence, and strategic decisions
- **Lighter-than-Air (LTA) Systems:** Aircraft that stay aloft using buoyant gases, used for surveillance and data collection over extended periods

Tabular Summary:

Parameter	Details
Event	Maiden Flight of Stratospheric Airship Platform
Date	May 3, 2025
Conducted By	DRDO (ADRDE, Agra)
Location	Sheopur, Madhya Pradesh
Altitude Reached	~17 km (Stratosphere)
Flight Duration	~62 minutes
Key Systems Tested	Pressure control and emergency deflation systems
Strategic Applications	ISR, disaster response, earth observation, environmental monitoring
National Importance	First-of-its-kind indigenous high-altitude surveillance platform

- Which African country joined the International Solar Alliance (ISA) as its 123rd member during its President's 2025 state visit to India?
