➤ **What is the primary technology being adopted under India's Space-Based Surveillance Phase-3 programme for advanced satellite imaging?**

- A) Infrared Scanning System
- B) Electro-Optical Imaging
- C) Synthetic Aperture Radar
- D) Thermal Balloon Surveillance
- E) GPS Navigation Systems

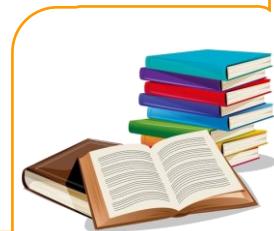

Answer
C) Synthetic Aperture Radar

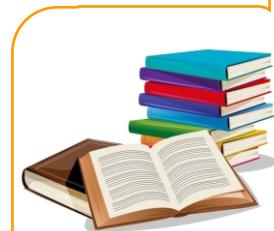

Event and Location:

- **Event:** India to launch 50+ spy satellites under SBS Phase-3
- **Location:** India (with global coverage via space assets)
- **Date:** January 2026

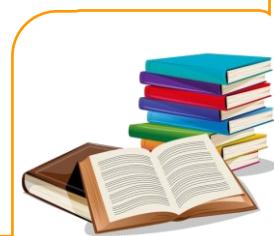

Mandates and Objectives:

- **Mandates:** The Indian government has approved the launch of over 50 advanced surveillance satellites under Phase-3 of the Space-Based Surveillance (SBS) programme. The decision follows intelligence gaps observed during Operation Sindoor.
- **Objectives:** To strengthen border monitoring, ensure night-time and all-weather imaging, enhance battlefield awareness, reduce dependence on foreign satellite imagery, and improve real-time military intelligence and national security readiness.

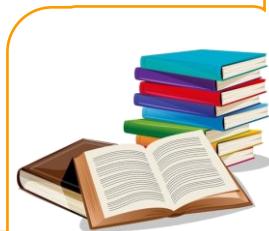

Important Terms Explained:

- **Synthetic Aperture Radar (SAR):** A form of radar used to create high-resolution images of landscapes or objects. SAR satellites can capture images at night and through clouds, making them ideal for continuous surveillance regardless of weather conditions.
- **Space-Based Surveillance (SBS) Phase-3:** The latest phase in India's space-based defense intelligence initiative involving over 50 new satellites. It was cleared by the Cabinet Committee on Security in October 2025.

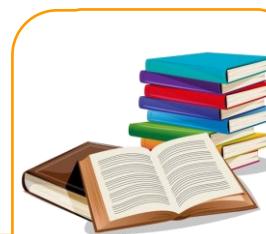

Important Terms Explained:

- **Operation Sindoor:** A recent military standoff with Pakistan that exposed critical surveillance limitations, triggering major upgrades in satellite intelligence capabilities.
- **Bodyguard Satellites:** Satellites specifically developed to detect and counter threats to Indian space assets, ensuring space security in an increasingly militarised orbital environment.

Tabular Summary:

Parameter	Details
Event name	Launch of 50+ spy satellites post-Operation Sindoor

Purpose/reason	To improve military surveillance and fill gaps in night and all-weather intelligence
Feature details	Use of SAR satellites, satellite-to-satellite data transfer, overseas ground stations
Validity or status	Approved and under implementation
Strategic/significant value	Enhances national security, space resilience, and real-time battlefield awareness

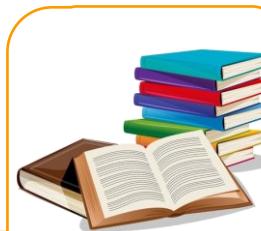

➤ **What is the primary objective of the newly formed Board of Peace chaired by Donald Trump?**

- A) To negotiate oil trade agreements in the Middle East
- B) To oversee the Gaza ceasefire and post-war reconstruction
- C) To replace the United Nations completely
- D) To expand NATO's peacekeeping operations
- E) To launch a global economic recovery plan

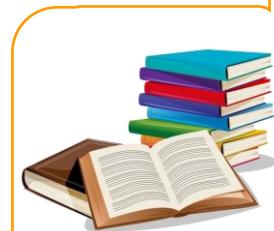

Answer

B) To oversee the Gaza ceasefire and post-war reconstruction

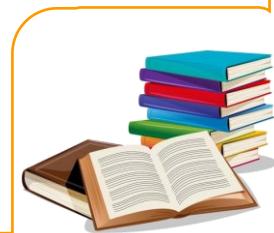

Event and Location:

- **Event:** Israel joins Trump's Board of Peace to manage Gaza ceasefire efforts
- **Location:** Gaza (West Asia / International coverage)
- **Date:** 21 January 2026

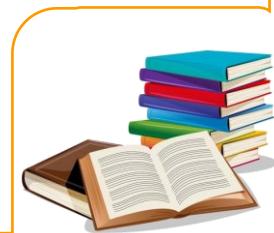

Mandates and Objectives:

- **Mandates:** Israel has formally agreed to join the Board of Peace, an international body proposed and chaired by Donald Trump, to oversee the Gaza ceasefire agreement, reconstruction, and future governance.
- **Objectives:** The board aims to ensure a coordinated international response to post-war challenges in Gaza, deploy peacekeeping forces, supervise Hamas disarmament, and manage civilian reconstruction via Palestinian technocrats. It also reflects ambitions to become a broader conflict-resolution platform.

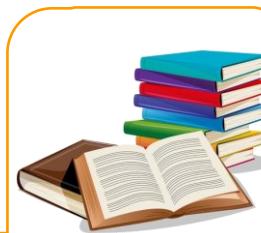

Important Terms Explained:

- **Board of Peace:** A proposed US-led international coalition formed to monitor the implementation of the Gaza ceasefire, reconstruction, and governance, initiated by Donald Trump.
- **Gaza Executive Committee:** A sub-body under the Board of Peace tasked with disarmament of Hamas, deployment of international forces, and supervision of civil administration in Gaza.
- **Ceasefire Framework:** A structured agreement aimed at halting hostilities in Gaza, involving international security deployment, infrastructure rebuilding, and political oversight.

Tabular Summary:

Parameter	Details
