- A) 50.5
- B) 51.8
- C) 52.4
- D) 53.5
- E) 54.2

Answer
D) 53.5.

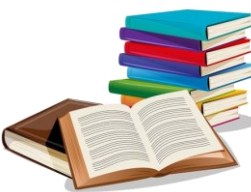

Event and Location:

- **Event:** India's manufacturing-sector growth slowed in July **2026**, with the index falling to **53.5** from **54.2** in June and reaching its lowest level since August **2021**.
- **Location:** The survey covered India's manufacturing sector.
- **Date:** The **July 2026** survey findings were reported on August **3, 2026**.

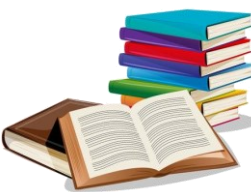

Mandates and Objectives:

- **Mandates:** The **HSBC India Manufacturing PMI** survey, conducted by S&P Global, assessed changes in production, new orders, employment, purchasing activity, supplier delivery times, and inventories.

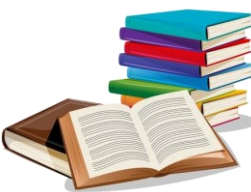

Mandates and Objectives:

- **Objectives:** The survey aimed to measure manufacturing-sector conditions and identify trends in domestic demand, exports, factory output, employment, and input costs.

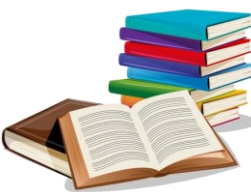

Important Terms Explained:

- **Purchasing Managers' Index:** The **PMI** is a monthly economic indicator based on surveys of purchasing managers, with a reading above **50** indicating expansion and below **50** indicating contraction.

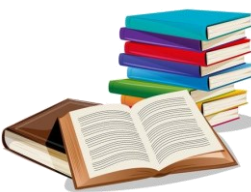

Important Terms Explained:

- **New Orders:** New orders represent fresh demand received by manufacturers from domestic and international customers and serve as an indicator of future production activity.

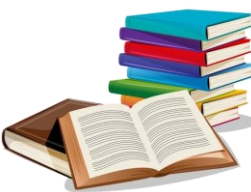

Important Terms Explained:

- **Input Costs:** Input costs refer to expenses incurred by manufacturers for raw materials, energy, transportation, and other resources used in production.

Important Terms Explained:

- **Export Orders:** Export orders are orders received from overseas buyers and indicate the level of international demand for domestically manufactured goods.

Tabular Summary:

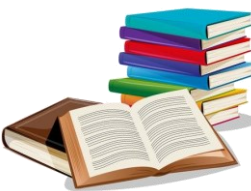

Parameter	Details
Survey name	HSBC India Manufacturing PMI survey conducted by S&P Global.
