► **What does the SAVE America Act seek to require for voter registration in US federal elections?**

- A) Biometric verification only
- B) Proof of US citizenship and valid ID
- C) Compulsory postal voting
- D) Automatic voter registration
- E) Online voting for all citizens

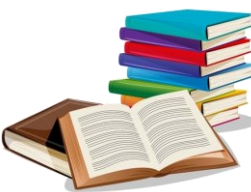

Answer

B) Proof of US citizenship and valid ID.

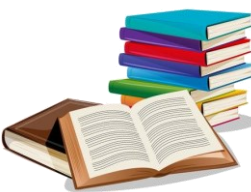

Event and Location:

- **Event:** US President Donald Trump cited India's voter identification system while advocating stricter voter registration requirements under the **SAVE America Act**.
- **Location:** The development concerns federal elections in the **United States**, with India's electoral system cited as a comparative example.
- **Date:** The development was reported on August **20, 2026**.

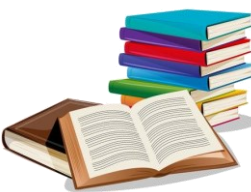

Mandates and Objectives:

- **Mandates:** The proposed legislation requires proof of American citizenship and valid identification for voter registration and seeks to restrict mail-in ballots, with exceptions for sickness, disability, military service and travel.

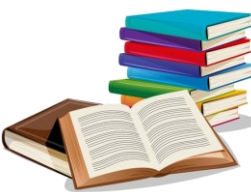

Mandates and Objectives:

- **Objectives:** The legislation aims to strengthen election security and reduce the risk of non-citizen voter registrations, while opponents argue that additional documentation requirements could make voting more difficult for eligible citizens.

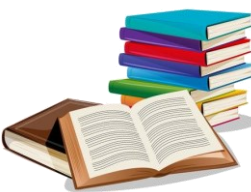

Important Terms Explained:

- **SAVE America Act: The Safeguarding America's Voter Eligibility Act** is a Republican federal bill seeking stricter citizenship and identification requirements for voter registration in US federal elections.

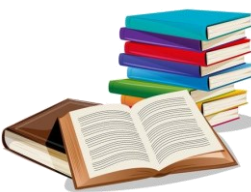

Important Terms Explained:

- **Electoral Photo Identity Card (EPIC):** It is India's voter identification card used to verify voters' identities and help prevent impersonation and electoral fraud.

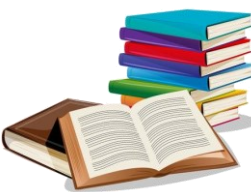

Important Terms Explained:

- **Postal Ballot:** It is a voting method that enables eligible voters to cast their votes without physically voting at a polling station, with India permitting it for specified categories of electors.

Important Terms Explained:

- **Filibuster:** It is a US Senate procedure that can delay or block legislation, with **60** votes generally required to invoke cloture and overcome such obstruction.

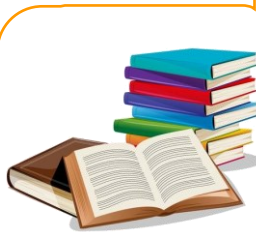

Tabular Summary:

Parameter	Details
Proposed legislation	The SAVE America Act seeks tougher voter registration requirements for US federal elections.
Key requirement	Voters would have to prove US citizenship and possess valid identification for registration.
Trump's comparison	Donald Trump cited India's voter ID-based electoral system while supporting the legislation.
India election figure cited	Trump referred to an Indian general election in which 646 million voters participated and less than 1% voted through postal ballots.
House status	The US House of Representatives passed the bill on February 11, 2026, by 218 votes to 213.
Senate position	The Senate comprised 53 Republicans and 47 Democrats and independents, while overcoming a filibuster may require 60 votes.
India's identification system	India uses EPIC and periodically updated electoral rolls rather than a biometric voter-ID system.
Major opposition argument	Democrats and voting-rights groups argue that tougher documentation rules could create barriers for eligible voters.
