Important Days

➤ **What is the theme of the International Day of Care and Support 2026, observed annually on 29 October?**

A) Promoting Gender Equality Through Education
B) Universal Healthcare and Social Protection
C) Building Sustainable Care and Support Systems Through Decent Work
D) Empowering Women Through Economic Development
E) Strengthening Global Health and Welfare Systems

Answer

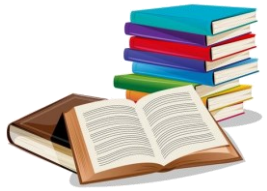

C) Building Sustainable Care and Support Systems Through Decent Work.

Important Days

Event and Location:

- **Event: The International Day of Care and Support 2026** was observed to recognise the importance of paid and unpaid care work, promote gender equality, and highlight the need for sustainable care systems and decent working conditions for care workers.
- **Location:** Globally, under the observance of the **United Nations** (UN).

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Important Days

Event and Location:

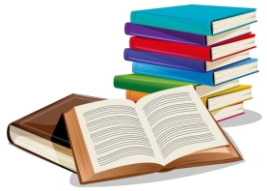

- **Date: 29** October **2026**.

Important Days

Mandates and Objectives:

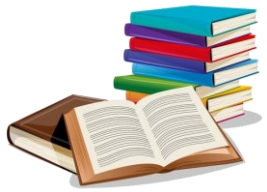

- **Mandates: The United Nations General Assembly** (**UNGA**) established the **International Day of Care and Support** through Resolution A/**RES**/**77**/**317** on **24** July **2023**, designating **29** October as its annual observance. The **2026** theme, "**Building Sustainable Care and Support Systems Through Decent Work**," emphasises fair wages, labour rights, workplace safety, and representation of care workers. The observance involves UN Women, the **International Labour Organization**, and the Office of the **United Nations High Commissioner for Human Rights** in promoting gender-responsive and rights-based care systems.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Mandates and Objectives:

- **Objectives:** The observance aims to recognise the economic and social contributions of paid and unpaid caregivers, improve employment conditions in the care sector, reduce gender inequalities in unpaid care responsibilities, and encourage investment in accessible and sustainable care services. It also promotes the rights and well-being of older persons, persons with disabilities, children, and other individuals requiring care and support.

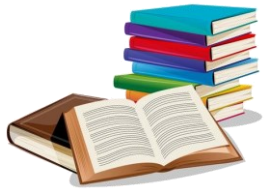

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Important Days

Important Terms Explained:

- UN **General Assembly Resolution** A/**RES**/**77**/**317**: A resolution adopted on **24** July **2023** that proclaimed **29** October as the **International Day of Care and Support** to recognise the importance of care work and promote inclusive, gender-responsive care systems.

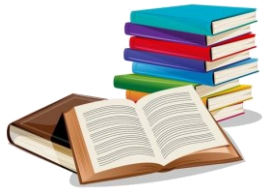

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Important Days

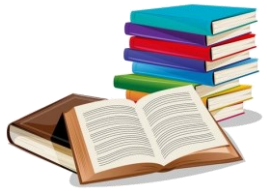

Important Terms Explained:

- **Care Economy:** The economic activities involving paid and unpaid care services that support people's physical, psychological, and social needs, including healthcare, childcare, education, elderly care, disability support, and domestic work.

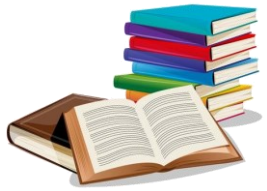

Important Terms Explained:

- **Direct Care Work:** Care activities involving personal interaction and assistance, such as nursing patients, feeding children, supporting older persons, and helping individuals with disabilities.

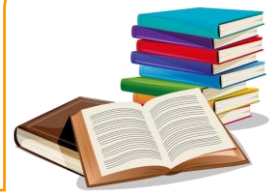

Important Terms Explained:

- **Indirect Care Work:** Activities that support daily living and household functioning, including cooking, cleaning, laundry, and other domestic responsibilities.

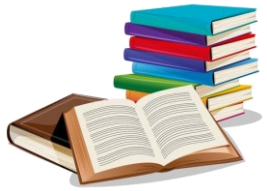

Important Terms Explained:

- **Paid Care Work:** Care services performed in exchange for wages or financial compensation by professionals such as nurses, doctors, teachers, caregivers, and domestic workers.

Important Terms Explained:

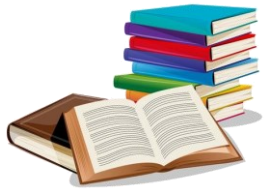

- **Unpaid Care Work:** Caregiving and domestic activities performed without financial compensation, typically within households and families, including childcare, elderly care, and household maintenance.

Important Days

Important Terms Explained:

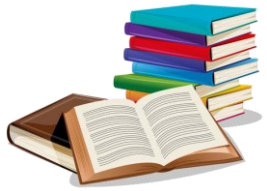

- **Decent Work:** A concept promoted by the **International Labour Organization** that includes productive employment, fair income, workplace security, social protection, equal opportunities, and respect for workers' rights.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

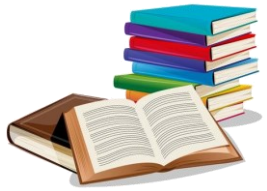

Important Terms Explained:

- Gender-**Responsive Care Systems**: Care policies and services designed to address gender inequalities, promote shared caregiving responsibilities, and ensure equitable access to care services and employment opportunities.

Important Terms Explained:

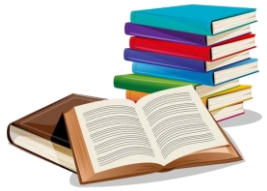

- **UN Women: The United Nations** entity dedicated to gender equality and the empowerment of women, including addressing the unequal distribution of unpaid care responsibilities.

Important Days

Important Terms Explained:

- **International Labour Organization (ILO):** A specialised **United Nations** agency established in **1919** that promotes social justice, international labour standards, workers' rights, and decent employment opportunities.

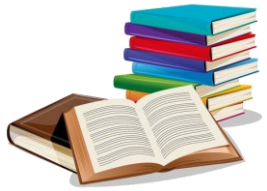

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

Important Days

Important Terms Explained:

- **Office of the United Nations High Commissioner for Human Rights (OHCHR):** The principal **United Nations** human rights office responsible for promoting and protecting human rights globally, including the rights of caregivers and individuals requiring care.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Important Days

Tabular Summary:

Parameter	Details
Observance	International Day of Care and Support 2026.
Date	29 October, observed annually worldwide.
Established By	United Nations General Assembly on 24 July 2023.
UN Resolution	A/RES/77/317.
Theme 2026	Building Sustainable Care and Support Systems Through Decent Work.
Associated Organisations	UN Women, International Labour Organization (ILO), and OHCHR.
Key Gender Statistics	Women perform 76.2% of global unpaid care work, spend 3.2 times as much time on it as men, and earn approximately 24% less than men in the health and care sector, according to the reported figures.
Primary Objective	Promote recognition of care work, fair wages, labour rights, workplace safety, gender equality, and sustainable care systems.

OBITUARY

➤ **In which event did Indian para-athlete Neeraj Yadav win a gold medal with an Asian-record throw of 29.84 metres at the 2018 Asian Para Games in Jakarta?**

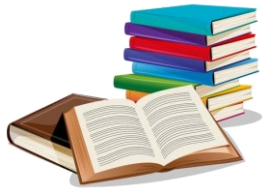

A) Men's F55 discus throw
B) Men's F55 shot put
C) Men's F55 javelin throw
D) Men's F56 discus throw
E) Men's F54 javelin throw

Answer
C) Men's F55 javelin throw.

Event and Location:

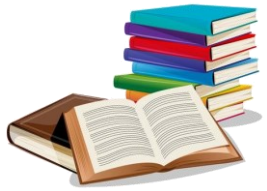

- **Event:** Indian para-athlete **Neeraj Yadav,** known for his achievements in javelin throw and discus throw**,** passed away at the age of **42**. He had originally won three gold medals across the **2018** and **2022 Asian Para Games** editions**,** although his two Hangzhou gold medals were subsequently revoked following an anti-doping case.

OBITUARY

Event and Location:

- **Location:** Delhi, India, with his birthplace reported as Ghaziabad, **Uttar Pradesh**.
- **Date: 28** October **2026**.

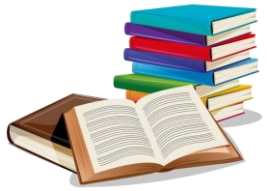

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

OBITUARY

Mandates and Objectives:

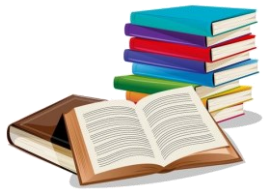

- **Mandates: Neeraj Yadav,** born on **10** February **1984,** was an Indian para-athlete who competed in the F**55** classification in field events, including javelin throw, discus throw, and shot put. After participating in wheelchair tennis from **2005** to **2012,** he transitioned to para-athletics and achieved international recognition at the **2018 Asian Para Games in Jakarta,** winning gold in men's F**55** javelin throw with an Asian-record distance of **29.84** metres. He also initially secured two gold medals at the **Hangzhou Asian Para Games** held in October **2023,** but both results were subsequently revoked due to an anti-doping case.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Mandates and Objectives:

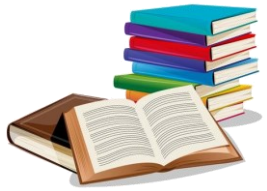

- **Objectives:** His sporting career reflected participation and competitive achievement in para-athletics despite physical challenges associated with childhood polio. His progression from wheelchair tennis to international field events demonstrated opportunities for athletes with disabilities to compete in multiple sporting disciplines. His achievements and subsequent anti-doping case also highlighted the importance of fair competition and compliance with anti-doping regulations in international para-sports.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

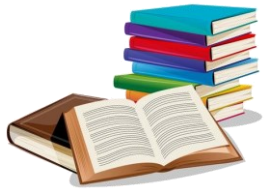

Important Terms Explained:

- **Asian Para Games:** A major multi-sport competition for athletes with disabilities from Asian countries, organised under the **Asian Paralympic Committee** and held approximately every four years.

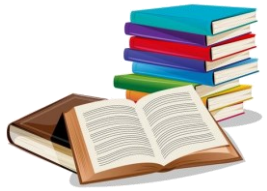

Important Terms Explained:

- F**55** Classification: A para-athletics classification for athletes competing in seated throwing events who generally have full arm function but limited or no functional movement in the legs, with varying degrees of trunk control.

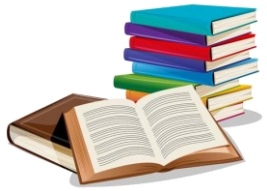

Important Terms Explained:

- **Wheelchair Tennis:** An adapted form of tennis for athletes with eligible physical impairments, played under rules that generally permit the ball to bounce twice before being returned.

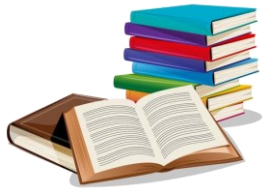

Important Terms Explained:

- **Javelin Throw:** A track-and-field event in which athletes throw a spear-shaped implement for maximum distance, with adapted rules and classifications for para-athletes.

Important Terms Explained:

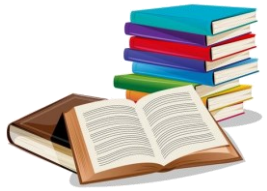

- **Discus Throw:** An athletics field event involving throwing a circular disc as far as possible within prescribed competition rules.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

Important Terms Explained:

- **Shot Put:** An athletics event in which competitors propel a heavy spherical implement for maximum distance using an approved putting technique.

/Liwin's CA Funsta

OBITUARY

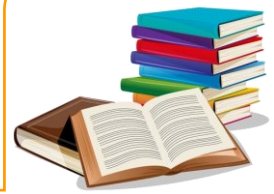

Important Terms Explained:

- **Asian Record:** The best officially recognised performance achieved by an eligible Asian athlete in a particular sport, event, and classification.

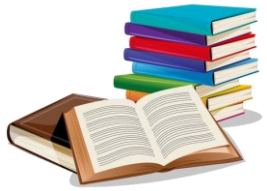

Important Terms Explained:

- Anti-**Doping Violation**: A breach of anti-doping regulations, which may involve prohibited substances or methods and can result in disqualification, suspension, or cancellation of competition results.

Important Terms Explained:

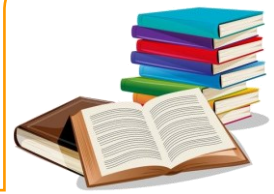

- **2022 Asian Para Games**: The fourth edition of the **Asian Para Games,** originally scheduled for **2022** in Hangzhou, China, but postponed and eventually conducted in October **2023**.

OBITUARY

Important Terms Explained:

- Post-**Polio Residual Paralysis**: Persistent muscle weakness or paralysis resulting from damage caused by poliomyelitis, which can affect mobility and physical functioning.

OBITUARY

Tabular Summary:

Parameter	Details
Name and Profession	Neeraj Yadav, Indian para-athlete specialising in seated throwing events.
Birth Details	Born on 10 February 1984 in Ghaziabad, Uttar Pradesh.
Date and Place of Death	28 October 2026, Delhi, at the age of 42.
Sport and Classification	Para-athletics, primarily javelin throw and discus throw, in the F55 classification.
Early Sporting Career	Participated in wheelchair tennis from 2005 to 2012 before transitioning to para-athletics.
2018 Asian Para Games Achievement	Won men's F55 javelin throw gold in Jakarta with an Asian-record throw of 29.84 metres.
2023 Hangzhou Asian Para Games	Initially won two gold medals in javelin throw and discus throw, which were subsequently revoked following an anti-doping case.
Other Career Achievements	Won three gold medals at the 2015 Delhi State Athletics Meet and two silver medals at the 2016 Fazza Grand Prix.

➤ **What was the benchmark federal funds rate maintained by the US Federal Reserve during its monetary policy meeting on 28 October 2026?**

A) 3.25%–3.50%
B) 3.50%–3.75%
C) 3.75%–4.00%
D) 4.00%–4.25%
E) 4.25%–4.50%

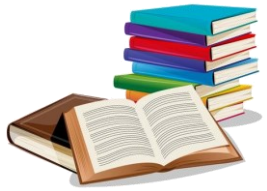

Answer
C) 3.75%–4.00%.

Event and Location:

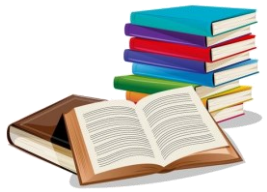

- **Event:** The US **Federal Reserve** maintained its benchmark federal funds rate at **3.75%–4.00%,** with the **Federal Open Market Committee** voting **10–2** in favour of keeping interest rates unchanged amid elevated inflation.
- **Location: United States of America**.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

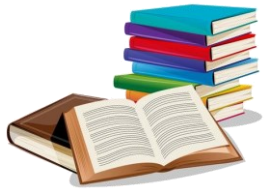

Event and Location:

- **Date: 28** October **2026,** following the two-day monetary policy meeting held on **27–28** October **2026**.

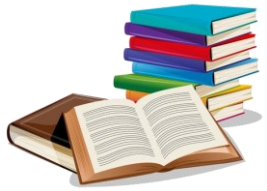

Mandates and Objectives:

- **Mandates: The Federal Open Market Committee** (**FOMC**) decided to maintain the federal funds rate target range at **3.75%–4.00%,** with **10** members supporting the decision and two members**,** Lisa D. **Cook and Beth** M. Hammack**,** opposing it. Both dissenting members favoured a **25**-basis-point increase to **4.00%–4.25%**. The committee acknowledged strong economic activity**,** household spending**,** investment**,** and relatively stable unemployment while expressing concern about persistent inflation. The next **FOMC** meeting was scheduled for **8–9** December **2026**.

Mandates and Objectives:

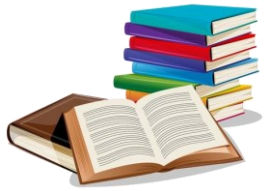

- **Objectives:** The decision aims to balance the **Federal Reserve**'s dual objectives of maximum employment and price stability while working towards its **2%** inflation target. By maintaining interest rates, the central bank seeks to assess incoming economic data, monitor inflationary pressures, support sustainable economic growth, and determine whether further monetary policy adjustments are necessary.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

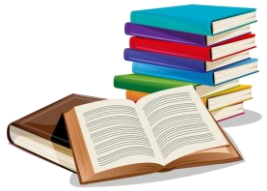

Important Terms Explained:

- **Federal Funds Rate:** The interest rate at which US depository institutions lend reserve balances to one another overnight. The **FOMC** establishes a target range for this rate to influence borrowing costs, liquidity, and overall economic activity.

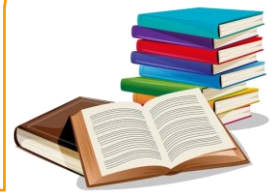

Important Terms Explained:

- **Federal Open Market Committee (FOMC):** The monetary policy-making body of the US **Federal Reserve** responsible for setting the federal funds rate target range and directing open market operations. It has **12** voting positions, consisting of seven **Federal Reserve Board** governors, the president of the **Federal Reserve Bank of New York**, and four rotating regional **Reserve Bank** presidents.

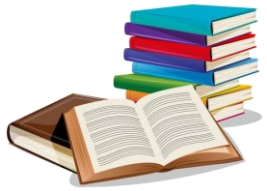

Important Terms Explained:

- **Dual Mandate: The Federal Reserve**'s statutory responsibility to promote maximum employment and stable prices through monetary policy decisions.

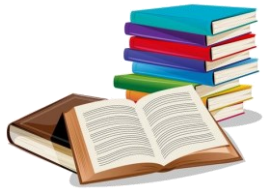

Important Terms Explained:

- **Inflation Target: The Federal Reserve**'s longer-run objective of achieving **2%** inflation**,** measured by the annual change in the **Personal Consumption Expenditures** price index.

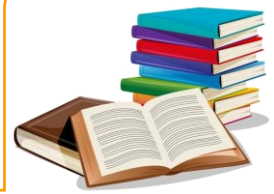

Important Terms Explained:

- **Basis Point (bps):** A unit used to measure changes in interest rates and financial percentages, where one basis point equals **0.01 percent**age point and **25** basis points equal **0.25 percent**age point.

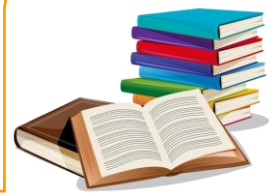

Important Terms Explained:

- **Monetary Policy:** Actions undertaken by a central bank to influence interest rates, credit conditions, and money availability to achieve macroeconomic objectives such as price stability and employment.

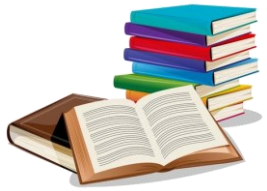

Important Terms Explained:

- **Monetary Policy Tightening:** A policy approach generally involving higher interest rates or reduced monetary accommodation to moderate borrowing, spending, and inflationary pressures.

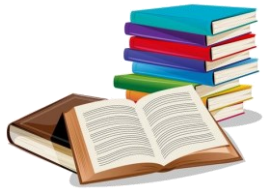

Important Terms Explained:

- **Price Stability:** An economic condition characterised by low and predictable inflation, supporting purchasing power, investment decisions, and sustainable economic growth.

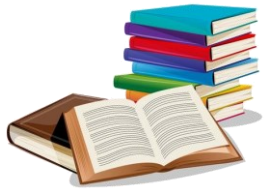

Important Terms Explained:

- **Federal Reserve Board of Governors:** The central governing body of the **Federal Reserve System,** consisting of up to seven members appointed by the US President and confirmed by the Senate.

Important Terms Explained:

- **Dissenting Vote:** A formal vote cast by a monetary policy committee member against the majority decision, reflecting disagreement over the appropriate policy action.

Tabular Summary:

Parameter	Details
Event	US Federal Reserve maintained its benchmark interest rate amid persistent inflation concerns.
Decision Date	28 October 2026, following the FOMC meeting on 27–28 October 2026.
Central Bank and Policy Body	US Federal Reserve and Federal Open Market Committee (FOMC).
Federal Funds Rate	Maintained at 3.75%–4.00%.
Voting Results	10 members supported the decision, while 2 members opposed it.
Dissenting Members	Lisa D. Cook and Beth M. Hammack, who favoured a 25-basis-point increase to 4.00%–4.25%.
Inflation Target and Policy Objective	2% inflation target, alongside maximum employment and price stability.
Next FOMC Meeting	Scheduled for 8–9 December 2026.

AWARDS

➤ **What position did Bihar Museum in Patna secure in the World's 100 Best Museums 2026 ranking released by Worth a Journey?**

A) 5th globally and 2nd in Asia
B) 7th globally and 1st in Asia
C) 9th globally and 1st in Asia
D) 10th globally and 2nd in Asia
E) 12th globally and 1st in Asia

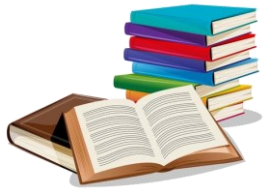

Answer
C) 9th globally and 1st in Asia.

AWARDS

Event and Location:

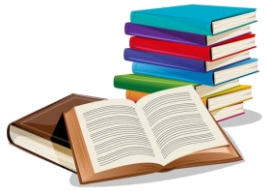

- **Event: Bihar Museum** secured **9**th position globally and **1**st position in Asia in the World's **100 Best Museums 2026** ranking released by Germany-based **Worth a Journey,** becoming the only Indian museum featured among the world's top **100** museums.
- **Location: Nehru Path,** Patna, Bihar, India.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

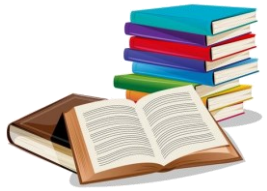

Event and Location:

- **Date: 29** October **2026,** as reported in the published ranking coverage.

Mandates and Objectives:

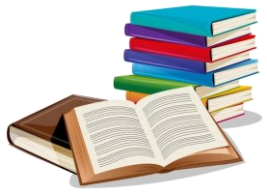

- **Mandates:** Germany-based **Worth a Journey** released the World's **100 Best Museums 2026** ranking, evaluating museums associated with art, history, science, technology, and cultural heritage. **Bihar Museum** secured ninth place globally, ahead of the **Metropolitan Museum of Art in New York**, ranked tenth, and the **Louvre Museum in Paris**, ranked **31**st. The museum was designed by Japanese architect **Fumihiko Maki** in association with Mumbai-based **Opolis Architects** and showcases Bihar's archaeological, historical, and artistic heritage.

/ Liwin’s CA Funsta Subscribe /Liwin's CA Funsta

Mandates and Objectives:

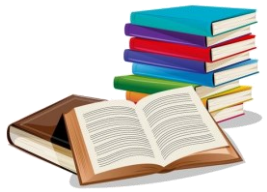

- **Objectives:** The ranking highlights museums recognised for their collections, cultural importance, architecture, and visitor experiences. **Bihar Museum** aims to preserve and showcase Bihar's cultural heritage through exhibitions featuring archaeological artefacts, ancient sculptures, manuscripts, coins, folk art, and regional history. Its international recognition also strengthens the visibility of Bihar's cultural attractions and heritage tourism.

AWARDS

Ranking Table:

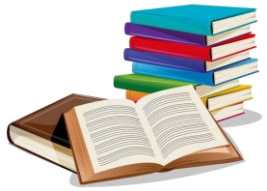

Rank	Museum / Location / Remarks
1	Museum: Museo Nacional de Antropología. | Location / Remarks: Mexico City, Mexico.
2	Museum: Museo del Prado. | Location / Remarks: Madrid, Spain.
3	Museum: Louisiana Museum of Modern Art. | Location / Remarks: Humlebæk, Denmark.
4	Museum: State Hermitage Museum. | Location / Remarks: Saint Petersburg, Russia.
5	Museum: Kunsthistorisches Museum. | Location / Remarks: Vienna, Austria.
9	Museum: Bihar Museum. | Location / Remarks: Patna, India; ranked 1st in Asia and the only Indian museum in the top 100.
10	Museum: Metropolitan Museum of Art. | Location / Remarks: New York, United States.
31	Museum: Louvre Museum. | Location / Remarks: Paris, France.

Important Terms Explained:

- **Patna Museum:** A historical museum established in **1917** in Patna, Bihar, housing archaeological, historical, and artistic collections representing the region's cultural heritage.

Important Terms Explained:

- **Pataliputra:** The ancient city corresponding to modern-day Patna, which served as an important political and administrative centre of the **Magadha and Maurya** empires.

AWARDS

Tabular Summary:

Parameter	Details
Museum Name	Bihar Museum, Patna.
Ranking and Year	9th globally and 1st in Asia in the World's 100 Best Museums 2026.
Ranking Organisation	Germany-based Worth a Journey.
Indian Representation	Bihar Museum was the only Indian museum included among the world's top 100 museums.
Top-Ranked Museum	Museo Nacional de Antropología, Mexico City, Mexico.
Establishment and Opening	Partially opened in August 2015, with remaining galleries opened in October 2017.
Architectural Design	Fumihiko Maki in collaboration with Mumbai-based Opolis Architects.
Major Collections and Significance	Didarganj Yakshi, ancient sculptures, coins, manuscripts, folk art, children's exhibits, and Bihar's historical heritage.

➤ **According to the WMO Greenhouse Gas Bulletin 2026, what was the global average atmospheric concentration of carbon dioxide (CO_2) in 2025?**

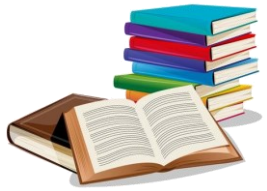

A) 420.0 ppm
B) 423.9 ppm
C) 426.8 ppm
D) 430.5 ppm
E) 435.2 ppm

Answer
C) 426.8 ppm.

Event and Location:

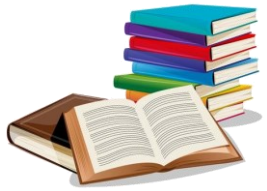

- **Event: The World Meteorological Organization** (**WMO**) released its **Greenhouse Gas Bulletin No. 22** (**2026**), reporting record global atmospheric concentrations of carbon dioxide (CO_2), methane (CH_4), and nitrous oxide (N_2O) in **2025,** highlighting increasing greenhouse gas accumulation and its contribution to global warming.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

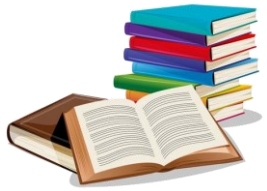

Event and Location:

- **Location:** Globally, based on atmospheric observations collected through the **WMO Global Atmosphere Watch Programme**.
- **Date: 27** October **2026**.

Mandates and Objectives:

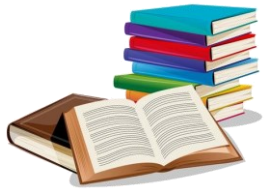

- **Mandates:** The **WMO Greenhouse Gas Bulletin 2026** reported record atmospheric concentrations of three major long-lived greenhouse gases in **2025**, with carbon dioxide reaching **426.8** parts per million (ppm), methane reaching **1,948** parts per billion (ppb), and nitrous oxide reaching **339.1** ppb. The findings were based on observations from the **Global Atmosphere Watch** (**GAW**) Programme, which monitors atmospheric concentrations rather than annual greenhouse gas emissions. The bulletin also examined radiative forcing, natural carbon sinks, industrial gases, and the potential climate impacts of hydrogen leakage during the global clean energy transition.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Mandates and Objectives:

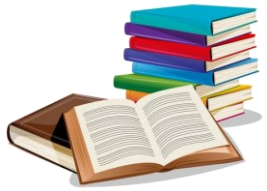

- **Objectives:** The bulletin aims to monitor long-term changes in atmospheric greenhouse gas concentrations, improve scientific understanding of climate change, assess the effectiveness of natural carbon sinks, and highlight the importance of reducing greenhouse gas emissions. It also emphasises continuous atmospheric monitoring of industrial gases and emerging energy technologies to support evidence-based climate policies and global warming mitigation.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

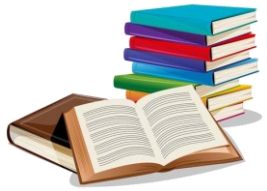

Important Terms Explained:

- **Carbon Dioxide** (CO_2): A long-lived greenhouse gas primarily released through fossil fuel combustion, deforestation, and industrial activities. Its global average concentration reached **426.8** ppm in **2025**, approximately **53%** above pre-industrial levels.

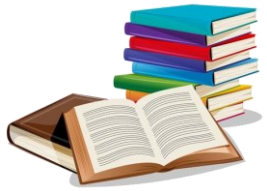

Important Terms Explained:

- Methane (CH_4): A powerful greenhouse gas emitted from agriculture, livestock, fossil fuel production, wetlands, and waste decomposition. Its atmospheric concentration reached **1,948** ppb in **2025**, approximately **167%** above pre-industrial levels.

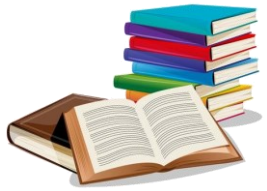

Important Terms Explained:

- **Nitrous Oxide** (N_2O): A long-lived greenhouse gas released through agricultural fertiliser use, biomass burning, and industrial processes. Its atmospheric concentration reached **339.1** ppb in **2025,** approximately **26%** above pre-industrial levels.

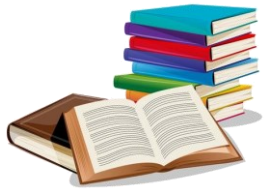

Important Terms Explained:

- **Global Atmosphere Watch (GAW) Programme:** A **WMO**-coordinated global monitoring programme that collects atmospheric observations to study greenhouse gases, aerosols, ozone, air pollution, and changes in atmospheric composition.

Important Terms Explained:

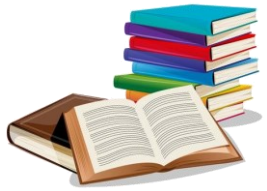

- **Parts Per Million (ppm):** A unit of concentration representing one part of a substance per million parts of the total mixture, commonly used to measure atmospheric carbon dioxide.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

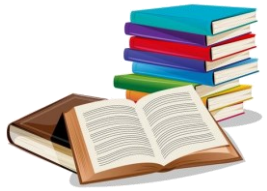

Important Terms Explained:

- **Parts Per Billion (ppb):** A unit of concentration representing one part of a substance per billion parts of the total mixture, commonly used for atmospheric methane and nitrous oxide.

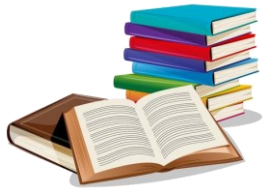

Important Terms Explained:

- **Radiative Forcing:** A measure of changes in the Earth's energy balance caused by factors such as greenhouse gases, aerosols, and solar radiation. Positive radiative forcing generally contributes to warming, while negative radiative forcing generally contributes to cooling.

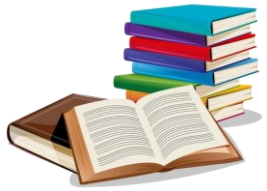

Important Terms Explained:

- **Sulphur Hexafluoride** (SF_6): A synthetic industrial greenhouse gas used primarily as an electrical insulating and arc-quenching medium in high-voltage equipment. It has an atmospheric lifetime exceeding **1,000** years and a **100**-year global warming potential approximately **24,300** times that of carbon dioxide.

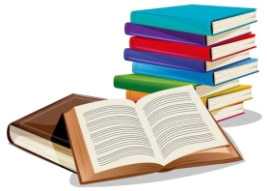

Important Terms Explained:

- **Global Warming Potential (GWP):** A measurement comparing the heat-trapping effect of a greenhouse gas with that of carbon dioxide over a specified period, commonly **100** years.

Important Terms Explained:

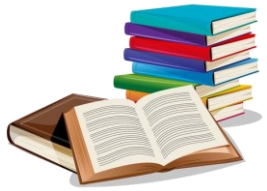

- **Hydrogen Leakage:** The unintended release of hydrogen into the atmosphere from production, storage, or transportation systems. Although hydrogen is not a direct greenhouse gas, it can indirectly influence global warming by affecting atmospheric chemistry and methane's lifetime.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

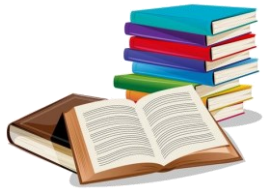

Important Terms Explained:

- **Carbon Sinks:** Natural systems such as forests, soils, and oceans that absorb and store more carbon dioxide than they release, helping regulate atmospheric CO_2 concentrations.

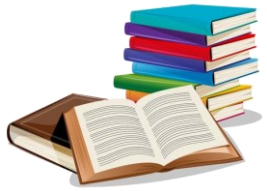

Important Terms Explained:

- El Niño: A climate phenomenon characterised by unusually warm sea surface temperatures in the central and eastern tropical **Pacific Ocean,** influencing global rainfall, temperature patterns, droughts, and the capacity of terrestrial ecosystems to absorb carbon dioxide.

Important Terms Explained:

- Pre-**Industrial Levels**: Reference atmospheric greenhouse gas concentrations, generally associated with conditions around **1750**, used to measure human-induced changes in atmospheric composition.

Tabular Summary:

Parameter	Details
Report Name	WMO Greenhouse Gas Bulletin No. 22 (2026).
Release Date and Organisation	27 October 2026, World Meteorological Organization (WMO).
Reference Year and Data Source	Global atmospheric concentrations for 2025, monitored through the Global Atmosphere Watch Programme.
Carbon Dioxide (CO_2)	426.8 ppm, approximately 53% above pre-industrial levels.
Methane (CH_4)	1,948 ppb, approximately 167% above pre-industrial levels.
Nitrous Oxide (N_2O)	339.1 ppb, approximately 26% above pre-industrial levels.
CO_2 Annual Increase	Increased by 2.8 ppm from 2024 to 2025, compared with a 3.6 ppm increase from 2023 to 2024.
Major Environmental Concerns	Increasing radiative forcing, weakening natural carbon sinks, industrial greenhouse gas emissions, and indirect warming effects of hydrogen leakage.

INTERNATIONAL AFFAIRS

➤ **How many countries voted in favour of the UN General Assembly resolution calling for an end to the US economic, commercial, and financial embargo against Cuba on 28 October 2026?**

A) 165
B) 130
C) 120
D) 150
E) 172

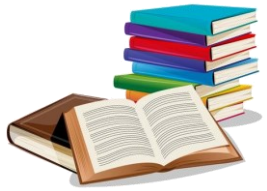

Answer
B) 130.

/ Liwin's CA Funsta
Subscribe
/Liwin's CA Funsta

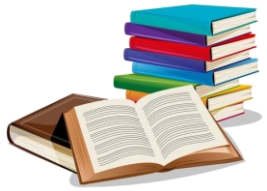

Event and Location:

- **Event:** India supported a **United Nations General Assembly** (**UNGA**) resolution calling for an end to the **United States**' economic, commercial, and financial embargo against Cuba, with **130** countries voting in favour, **17** against, and **25** abstaining.

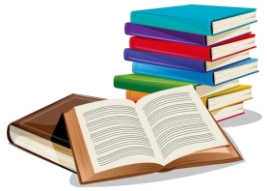

Event and Location:

- **Location: United Nations General Assembly, New York, United States,** concerning the US embargo imposed on Cuba.
- **Date: 28** October **2026**.

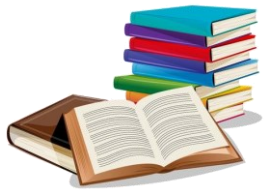

Mandates and Objectives:

- **Mandates:** The UN **General Assembly** adopted Resolution A/**81**/L.**5** during its **81**st session**,** calling for the termination of the **United States**' economic**,** commercial**,** and financial embargo against Cuba. India voted in favour of the resolution**,** reaffirming its opposition to unilateral sanctions and legislation with extraterritorial effects. India's representative**, Soumya Nair,** emphasised respect for national sovereignty**,** international law**,** and the principles of the UN Charter. The resolution is non-binding and does not legally compel the **United States** to lift the embargo.

Mandates and Objectives:

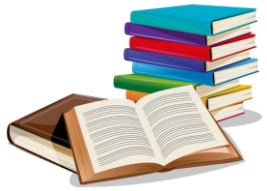

- **Objectives:** The resolution seeks to end the long-standing US embargo against Cuba, reduce its adverse humanitarian and economic consequences, safeguard national sovereignty, and encourage international cooperation. India highlighted concerns regarding Cuba's access to medicines, food, healthcare, education, water supply, and transportation while advocating for the removal of restrictions that hinder the country's economic development.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

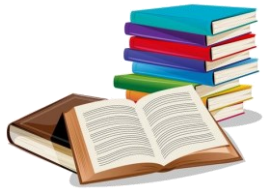

Important Terms Explained:

- **US Embargo on Cuba:** A series of economic, commercial, and financial restrictions imposed by the **United States** on Cuba, beginning in **1960**, with a broader trade embargo formally introduced in February **1962** following the **Cuban Revolution** and the nationalisation of American-owned assets.

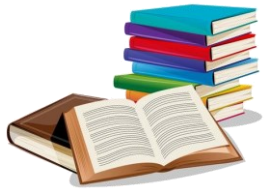

Important Terms Explained:

- Resolution A/**81**/L.**5**: The resolution document introduced during the **81**st session of the UN **General Assembly** concerning the need to end the economic, commercial, and financial embargo imposed by the **United States** against Cuba.

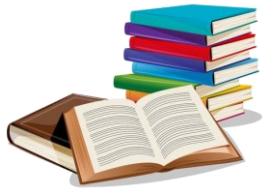

Important Terms Explained:

- Non-**Binding Resolution**: A resolution that expresses the collective position or recommendations of an international body but does not create a direct legal obligation requiring member countries to implement its provisions.

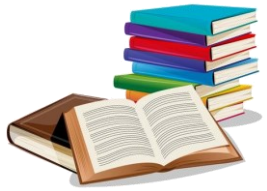

Important Terms Explained:

- **Extraterritorial Legislation:** National laws or regulations that seek to regulate individuals, businesses, or activities beyond a country's territorial jurisdiction, potentially affecting the sovereignty and economic interests of other nations.

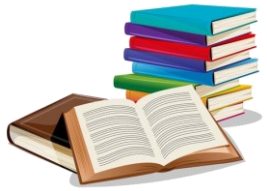

Important Terms Explained:

- **United Nations Charter:** The founding treaty of the **United Nations,** signed on **26** June **1945** and effective from **24** October **1945,** establishing the organisation's objectives, principles, institutions, and responsibilities.

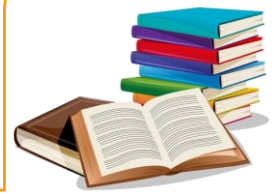

Important Terms Explained:

- Article **10** of the UN Charter: A provision authorising the UN **General Assembly** to discuss matters within the scope of the Charter and make recommendations to member states or the UN **Security Council,** subject to relevant Charter provisions.

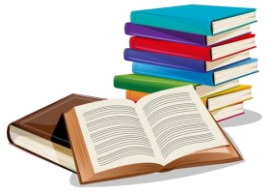

Important Terms Explained:

- **Multilateralism:** An approach to international relations in which multiple countries cooperate through international organisations, agreements, and diplomatic mechanisms to address common challenges.

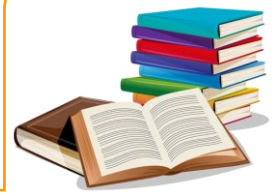

Important Terms Explained:

- **National Sovereignty:** The principle that a state possesses supreme authority within its territory and has the right to conduct its domestic and foreign affairs without unlawful external interference.

Important Terms Explained:

- **Economic Sanctions:** Restrictions imposed by one or more countries on trade, financial transactions, investments, or other economic activities to influence the policies or actions of another country.

Tabular Summary:

Parameter	Details
Event	India supported the UN resolution calling for an end to the US embargo against Cuba.
Date and Venue	28 October 2026, UN General Assembly, New York.
Resolution Number and Session	A/81/L.5, 81st session of the UN General Assembly.
2026 Voting Results	130 countries voted in favour, 17 against, and 25 abstained.
India's Representative	Soumya Nair, who presented India's position opposing extraterritorial sanctions.
Previous Year's Voting Results	In 2025, 165 countries voted in favour, 7 against, and 12 abstained.
Historical Background	US sanctions began in 1960, and the broader trade embargo was formally introduced in February 1962.
Legal Status and Significance	The resolution is non-binding and calls for ending restrictions affecting Cuba's economy, sovereignty, and humanitarian conditions.

➤ **What is the total financial outlay approved by the Union Cabinet for the Khelo India Sports Goods Manufacturing Scheme for FY 2026–27 to FY 2033–34?**

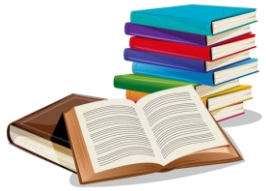

A) ₹1,130 crore
B) ₹1,856.67 crore
C) ₹1,500 crore
D) ₹2,000 crore
E) ₹2,500 crore

Answer
B) ₹1,856.67 crore.

Event and Location:

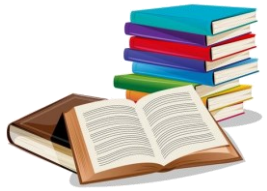

- **Event: The Union Cabinet** approved the **Khelo India Sports Goods Manufacturing Scheme** with a total financial outlay of **₹1,856.67 crore** to strengthen domestic sports goods manufacturing, innovation, skill development, and exports.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

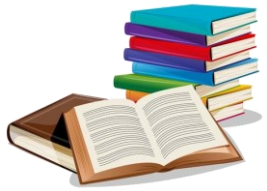

Event and Location:

- **Location:** India, with major sports goods manufacturing clusters in Jalandhar, Punjab, and Meerut, **Uttar Pradesh**.
- **Date: 28** October **2026**.

Mandates and Objectives:

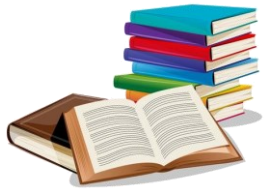

- **Mandates: The Government of India** approved the implementation of the scheme for FY **2026–27** to FY **2033–34,** covering eight financial years. The scheme provides financial assistance for manufacturing investments, development of integrated manufacturing zones, **MSME** cluster modernisation, research and development, international quality certification, skill development, and export promotion.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Mandates and Objectives:

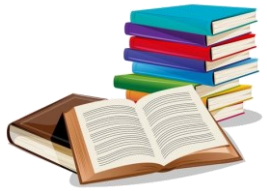

- **Objectives:** The scheme aims to attract domestic and foreign investment, increase manufacturing capacity and domestic value addition, reduce dependence on imported sports equipment, strengthen MSMEs, promote technological innovation, improve international product certification, generate skilled employment, and enhance India's competitiveness in global sports goods markets.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Important Terms Explained:

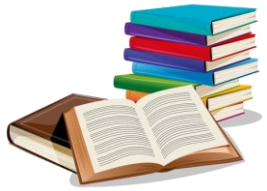

- **Sports Goods Manufacturing Zones (SGMZs):** Dedicated industrial clusters integrating sports goods manufacturers, suppliers, design and prototyping facilities, testing laboratories, and supporting industries to improve production efficiency and infrastructure.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

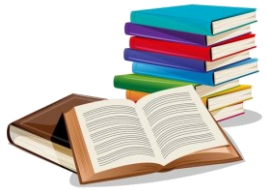

Important Terms Explained:

- **Anchor Investment Support:** A financial assistance component providing **20%** support towards eligible investments made in designated sports goods manufacturing clusters.

Important Terms Explained:

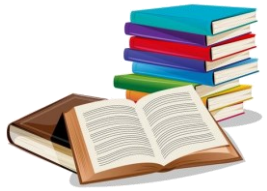

- Turnover-**Based Support**: A financial incentive providing assistance of up to **15%** to eligible manufacturers making investments of **₹10 crore** or more to encourage manufacturing expansion.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Important Terms Explained:

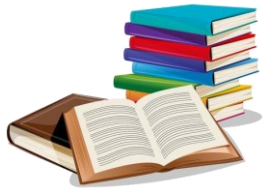

- Micro**, Small and Medium Enterprises** (MSMEs): Enterprises classified according to prescribed investment and turnover limits that contribute significantly to manufacturing, employment, and exports. Micro and small businesses account for approximately **90%** of India's sports goods production, according to the reported background information.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Important Terms Explained:

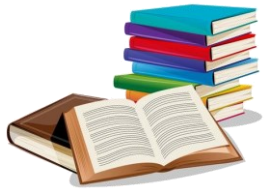

- **International Sports Federation Certification:** A process through which sports equipment manufacturers obtain recognition or approval from international sports governing bodies. The scheme provides **70%** assistance for first-time registration and **50%** for certification renewal.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

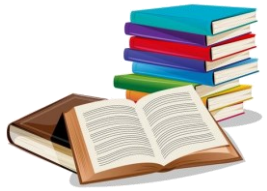

Important Terms Explained:

- **Research and Development (R&D):** Activities focused on improving product design, materials science, manufacturing technologies, product performance, and quality standards through scientific research and innovation.

Important Terms Explained:

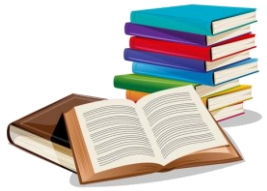

- **Khelo Bharat Niti 2025**: India's national sports policy framework aimed at strengthening sports participation, infrastructure, talent development, and the broader sports ecosystem.

/ Liwin's CA Funsta
Subscribe
/Liwin's CA Funsta

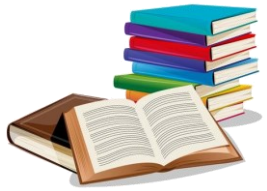

Important Terms Explained:

- **Make in India:** A **Government of India** initiative launched on **25** September **2014** to promote domestic manufacturing, investment, innovation, and industrial development.

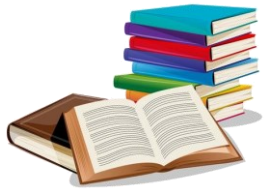

Important Terms Explained:

- **Atmanirbhar Bharat:** A **Government of India** initiative announced in May **2020** to promote economic self-reliance, strengthen domestic industries, and reduce excessive dependence on imports.

Important Terms Explained:

- **Export Promotion Mission:** A government initiative intended to strengthen export competitiveness and improve access to international markets. The sports goods scheme proposes marketing initiatives such as the **India Sports Expo and Brand India** campaign.

Tabular Summary:

Parameter	Details
Scheme Name	Khelo India Sports Goods Manufacturing Scheme.
Approval Date	28 October 2026.
Approving Authority	Union Cabinet, Government of India.
Total Financial Outlay	₹1,856.67 crore.
Implementation Period	FY 2026–27 to FY 2033–34, covering eight financial years.
Investment and Production Assistance	₹1,130 crore, including 20% anchor investment support and turnover-based assistance of up to 15%.
International Certification Support	₹105 crore, covering 70% of first-time registration costs and 50% of renewal costs.
Major Focus and Significance	Development of manufacturing zones, MSME clusters, innovation, skilled employment, domestic production, and sports goods exports.

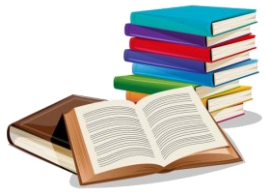

➤ **Which organisation developed the Punah Bharan mobile application in collaboration with the National Water Mission (NWM) to identify suitable groundwater recharge zones within a radius of up to 3 km?**

A) Central Ground Water Board
B) National Remote Sensing Centre
C) Bhaskaracharya National Institute for Space Applications and Geo-informatics
D) Indian Space Research Organisation
E) National Institute of Hydrology

Answer

C) Bhaskaracharya National Institute for Space Applications and Geo-informatics.

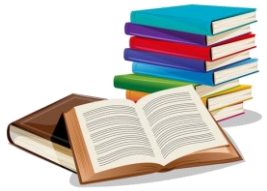

Event and Location:

- **Event: The Ministry of Jal Shakti** launched the **Punah Bharan** mobile application**,** developed jointly by **BISAG**-N and the **National Water Mission,** to identify suitable locations for artificial groundwater recharge using geospatial technology.

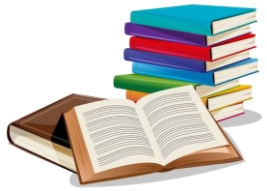

Event and Location:

- **Location:** India, with village-level mapping and groundwater recharge planning facilities across suitable geographical regions.
- **Date: 28** October **2026**.

Mandates and Objectives:

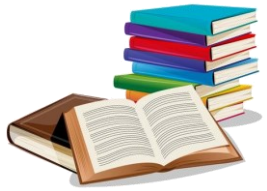

- **Mandates: The Ministry of Jal Shakti** introduced a geospatial technology-based application that identifies suitable artificial groundwater recharge zones within a radius of up to **3 km**. The platform integrates rainfall, groundwater levels, groundwater yield, slope, and drainage data to assess local recharge suitability. Its web portal also provides village-level **Artificial Recharge Structure** zonation maps and **Geographic Information System** (**GIS**) tools for scientific planning.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Mandates and Objectives:

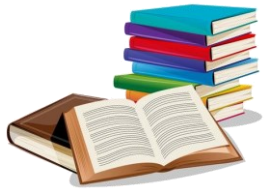

- **Objectives:** The initiative aims to promote sustainable groundwater management, improve scientific identification of recharge locations, assist in selecting appropriate groundwater recharge structures, strengthen village-level water resource planning, and support data-driven decisions for groundwater conservation and replenishment.

/ Liwin's CA Funsta
Subscribe
/Liwin's CA Funsta

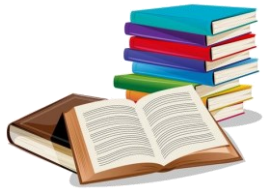

Important Terms Explained:

- **Bhaskaracharya National Institute for Space Applications and Geo**-informatics (**BISAG**-N): An autonomous scientific society under the **Ministry of Electronics and Information Technology** that applies space technology, remote sensing, and geospatial information systems to planning, governance, and resource management.

Important Terms Explained:

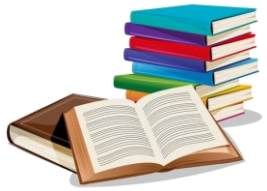

- **National Water Mission (NWM):** One of the eight missions under India's **National Action Plan** on **Climate Change**, focused on water conservation, minimising wastage, improving water-use efficiency, and ensuring equitable water distribution.

/ Liwin's CA Funsta Subscribe /Liwin's CA Funsta

Important Terms Explained:

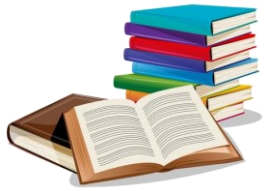

- **Artificial Groundwater Recharge:** The process of increasing groundwater storage by directing surface water or rainwater into underground aquifers through suitable structures such as recharge pits, percolation tanks, and check dams.

/ Liwin's CA Funsta
Subscribe
/Liwin's CA Funsta

Important Terms Explained:

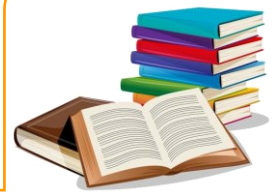

- **Geospatial Technology:** Technology used to collect, analyse, and interpret geographically referenced information through mapping, satellite imagery, remote sensing, and location-based data analysis.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

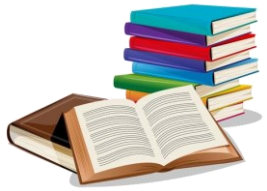

Important Terms Explained:

- **Geographic Information System (GIS):** A computer-based system used to capture, store, analyse, and display geographically referenced data for spatial planning and decision-making.

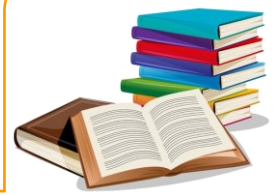

Important Terms Explained:

- **Artificial Recharge Structures (ARS):** Engineered structures designed to enhance the infiltration of surface water into underground aquifers and improve groundwater availability.

Important Terms Explained:

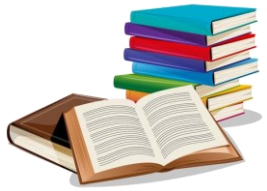

- **ARS Zonation Maps:** Maps that identify and classify geographical areas according to their suitability for different artificial groundwater recharge structures based on local environmental and hydrogeological conditions.

/ Liwin’s CA Funsta
Subscribe
/Liwin's CA Funsta

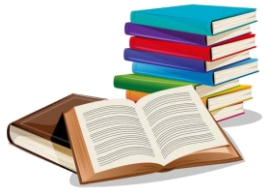

Important Terms Explained:

- **Groundwater Yield:** The quantity of groundwater that can be extracted from an aquifer or well over a specified period, depending on underground geological and water-bearing conditions.

Important Terms Explained:

- **Hydrogeographical Conditions:** The combined geographical and water-related characteristics of an area, including rainfall, drainage, terrain, and groundwater conditions, which influence water availability and recharge potential.

Tabular Summary:

Parameter	Details
Application Name	Punah Bharan mobile application.
Launch Date	28 October 2026.
Launching Ministry	Ministry of Jal Shakti, Government of India.
Developing Organisations	BISAG-N in collaboration with the National Water Mission (NWM).
Recharge Identification Radius	Up to 3 km from a selected location.
Technology and Data Used	GIS-based geospatial analysis using rainfall, groundwater levels, groundwater yield, slope, and drainage data.
Key Features	Recharge-zone identification, village-level ARS zonation maps, local suitability assessment, and scientific planning tools.
Primary Objective	Promote sustainable groundwater management through scientific identification and planning of artificial groundwater recharge structures.

QUICK RECALL

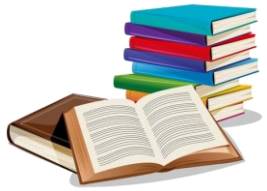

- **The United Nations observed the International Day of Care and Support on 29 October 2026 under the theme “Building Sustainable Care and Support Systems Through Decent Work” to recognise caregivers and promote fair working conditions and gender equality.**
- **Indian para-athlete Neeraj Yadav passed away in Delhi on 28 October 2026 at the age of 42, leaving a sporting career highlighted by an Asian-record gold medal at the 2018 Asian Para Games and two subsequently revoked Hangzhou gold medals.**
- **The US Federal Reserve's Federal Open Market Committee voted 10–2 on 28 October 2026 to maintain its benchmark interest rate at 3.75%–4.00% amid elevated inflation and the need to balance employment with price stability.**
